

Continuum Enable

Advanced Learning

Continuum Enable is our advanced learning solution that makes it easy to set-up, deploy, manage and certify on Continuum solutions.

With Enable, you get resources that help to catapult your success. With a complete set of on-line, centralized training modules, technical documentation and go-to-market materials and certification coverage that empowers partners with proven tactics to grow revenue.

Save time

All our information is centralized, thoroughly indexed, persistently updated for immediate access, and right at your fingertips.

Improve efficiency

Makes service setup, configuration, optimization, and ongoing management much smoother and easier to manage.

Accelerate onboarding

Allows you to get new team members up to speed much quicker and makes it easier to adapt to our technology and process improvements.

Certify to grow faster

Learn from our success stories, in-depth articles, handy guides, and podcasts. Then certify on how best to grow and thrive in today's crowded marketplace.

SHARP

“Today, our world class portfolio is the fastest growing component for Sharp Business Systems, delivering enormous value to the clients served. Our utilization of Continuum U’s educational certification program helped accelerate our success and ensured the delivery of exceptional IT services to our end customers”

*Newt Higman
National Director, Managed
IT Services, Sharp*

How it works

Comprehensive resources for both technical and business users to ensure practical and effective internal understanding of each product and solution

Unique, task-specific Partner Only portals to ensure your resources as focused on the right information at the right time

Pre-defined learning paths - we know how to create platform experts and provide the educational tools for resource development

Persistent updates to ensure your team has a detailed understanding of the latest releases, improvements or changes to the platform and tools.

Certify and grow - maximize your efforts with Continuum by certifying on the latest releases to the platform and proven tactics on how to best drive revenue.

Continuum Enable

Advanced Learning

Why choose Enable

Centrally located

Self-paced and instructor-led guidance

Comprehensive, not exhaustive

Services

Continuum U

Our solutions are built to be easy to use. But they're even easier after you've been through our self-paced online training program. We have over 100 modules to support you.

Continuum Doc Center

It's easy to find the detailed technical documentation you need for quick setup, deployment and management.

Continuum Partner Support Portal

To help you succeed with Continuum products, increase revenue and capture new business, we've assembled product-related resources and events, as well as grab-and-go sales and marketing support materials. We're dedicated to helping you grow.

Continuum Certify

To gain the business advantage, certify on Continuum with both engineering and go-to-market tactics that have the end in mind: growing revenue with happy customers. Delivered by our expert team, you will learn how to increase revenue and capture new business using industry knowledge and our assembled product-related resources as well as proven sales and marketing materials that help to target, gain and retain customers.
